

ECG / Reusable Electrodes

Clamp Electrodes

- High recording performance.
- Excellent long-lasting product over time.
- Universal connector for Snap button, 2 and 4 mm plug connectors.

Code	Size	Electrode Material	Pack
CLAG000M	Adult	AgAgCl	4 pcs
CLAGP00M	Pediatric	AgAgCl	4 pcs

Nickel version is available on request.

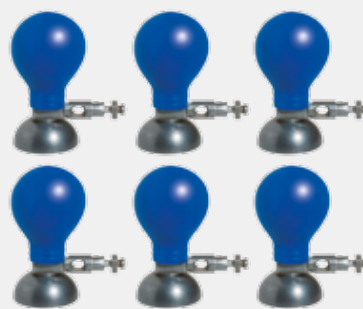

Suction Chest Electrode

- Excellent adhesion to the patients skin.
- High recording performance.
- Universal connector for Snap button, 2 and 4 mm plug connectors.

Code	Electrode Diameter	Electrode Material	Pack
SUAG0015/6	15 mm	AgAgCl	6 pcs
SUAG0024/6	24 mm	AgAgCl	6 pcs
SUAG0030/6	30 mm	AgAgCl	6 pcs

Nickel version is available on request.

Ø 15 / 24 / 30 mm

Code	Description	Pack
BALL000024	Spare ball parts	6 pcs

Gold Electrodes

- Golden recording surface to ensure high recording quality.
- Moulded cable-electrode connection to ensure excellent duration of the product over time.

Code	Electrode Diameter	Connectors	Pack
2180BSAU/6	12 mm	4 mm pin	6 pcs
2181BSAU/6	24 mm	4 mm pin	6 pcs

Ø 12 / 24 mm

Hellige

- Conductive gel for ECG exams.
- Suitable for use with defibrillation pads.

Code	Description	Package	Pack
21708306	Conductive gel	Bottle 250 gr	4 pcs
